Our Testimonials

Dear Tina,

We were so pleased with your presentation and the manner in which you showed us you cared about your vendors. Our home was sold in three days and you managed to get top dollar, more than we expected in this time of property pricing being down... The four other agents we had out to inspect the house all quoted \$40,000 – \$60,000 less than we knew it was worth. We couldn't thank you enough for your professionalism in the way you handled the sale of our home, and we wish you success in all your future endeavors. Yours Faithfully,

Neville & Beryl Hopkins

Mount Annan Tina, I will definitely be in touch in the future as me & my partner will be buying a place soon and we have zero buying experience, you and your daughter were very helpful & great people to deal with! Benny put in the offer which was accepted straight away! Thank you & your daughter again

Regards Mic My name is Fiorella Tosti and together with my husband Paul and our three children finally made the move from Kingsgrove to Camden. This was a dream of ours for about 3 years, We were nervous but we took each step at a time and after selling our home of 11 years began approaching real estate agents in the Camden area. Before the December 2007 we had seen a few properties in various areas; Mount Hunter, Theresa Park, Douglas Park and Razorback. We spoke with different real estate agents who after asking us the usual questions never bothered to call us back. One agent, who wanted to make sure that we hadn't gone to anyone else for helping finding our next home, promised to do some homework

and get back to us. We never heard from him again. Finally we made a call to Tina Lewry, after finding a home that suited our needs, as our 7 year old son has cerebral palsy, we needed an appropriate home that was very open plan and had easy access to the entire house. Tina took the time from day 1 in getting to know us a little better, not just to show us this home. We missed out on this home but Tina kept us well informed with what was happening and made sure we had all the facts before my husband and I made any decisions. Any tedious and time consuming questions we had were met with a smile and her promises were kept. We always received prompt feedback, if there was an issue she couldn't resolve, she would explain what needed to be done and always got back to us within the designated time frame. After hours were of no consideration for Tina, her aim was to make sure we were satisfied and had all the relevant facts. We eventually fell in love with a house in Belimbla Park, with further questions and her experience and patience guiding us through every step of the process, we managed to secure this home and are due to move in by the end of May 2008. From January 2008 after meeting Tina for the first time we never bothered calling any other agent. We both felt comfortable with her and knew she had our best interest at heart at all times. She showed us several properties that belonged to other estate agents, and even after finding our home in Belimbla Park, we wanted to see a couple more just to make sure we were absolutely certain this property was for us. This was not an easy task as we needed baby sitting, but Tina would go out of her way to make our life just that little bit easier and always our requests even when I took my toddler with me she carried him when he got tired!! Tina brings a fresh and honest aspect to real estate, which unfortunately is otherwise known to many as a deceitful and greedy business. Tina has always acted in a professional manner, has been honest, friendly, very respectful and above all we never felt pressured by her in any way. I commend Tina for all her efforts. I am very grateful that we found a genuine, happy, motivated and honest sales woman to do

business with. With our families added requirements in finding a suitable home, she was truly a Godsend!! I would highly recommend her for any future employment and wish her health, happiness and every success in the real estate industry. Sincerely,

Fiorella Tosti

Gorokan I am writing to you as I would like to commend your staff member Tina. (former agency) Recently my husband and I were looking for an older style property in Narellan. The first property that we inspected was listed with your company, and so we came into contact with Tina. After being unable to find what we were looking for with the properties that were listed with your company, we had to start looking at other real estates' properties, but Tina still tried to arrange this for us by trying to contact various real estates. After being messed around by these various agents, we had to contact them directly and unfortunately we ended up buying a property from one of them, which is bit sad because of the wonderful service and help that Tina gave us. I would just like to say that you have a wonderful staff member in Tina, and she goes above and beyond what most people would expect from a real estate agent. And it is lovely to see that there is still some good old fashioned service available in this chaotic world we live in today. Thanking You,

Cherie Elias

Narellan My husband and I got to know Tina when she took over the sale of our house in Camden NSW as a Sales Agent for Century 21 Real Estate Narellan. Our house had been on the market since January 2008, but we were experiencing difficulties in achieving a sale. When Tina took over in April we were immediately impressed with her customer service

skills, her positive attitude, and her attention to detail. She kept us informed regularly of progress and never left us in any doubt that she had our best interests at heart. This was a real comfort to us during a difficult period which at times was quite traumatic for us as we had never sold a house before. In the end, through her determination and sales skills we managed to sell the house in July at a good price. Tina handled the contract exchange, which saved us valuable time, and she continued to communicate with us. Her continued support during the selling process was really appreciated by us and we were able to rely on her professionalism to see us through. We would have no hesitation in calling on Tina's service again should the need arise. Yours Sincerely,

Carola & Peter Hume Oxenford,

Queensland. A Heartfelt Genuine Thank You to Tina Lewry

My name is Paul Lucey & it is with great pleasure that I am able to pen this letter regarding the total professional approach that I received from Tina Lewry in relation to Tina negotiating the sale of my property in Orangeville in 2008., I had placed my property on the market in early '07 and had very little response with the agents I had dealt with, numerous promises of service and success but to no avail, not even courtesy calls. I then decided to list the property with Starr Partners in Camden. It was then that I had the privilege of ,meeting Tina and having her as my agent engaged in advertising marketing and showing potential buyers my property I had more response and contact with Tina in one month than I had with all of the agents of the previous 12 months combined. I have bought and sold properties and dealt with many real estate agents for nearly 30 years and never have I had such a wonderful professional experience in all of that time. Tina worked tirelessly for me and never once did Tina complain or make excuses for not being able to sell it immediately. I was always kept informed and updated on progress if any. Tina sold the property for us at the price we were happy with. Tina is a

very bubbly and vibrant woman and intelligent with attention to detail and her vast knowledge at her industry and no non sense approach was the catalyst for the successful outcome with sale of the property. I wish Tina well in her future career now that she has branched out on her own, I am sure there will be many more happy sellers. Tina and I have become friends and remain so until this day Kind Regards,

Paul Lucey
